

Getting the Right Care at the Right Time at the Right Cost

Your Guide to Health Care Services 24 hours a day, 7 days a week

The information below is provided to help you manage your health and the cost of health care by accessing the right care when you need it, even if it's "after hours" or the clinic is closed. If you have a health concern for yourself or a family member and are unsure about which service is right for you, please call your clinic (locations/phone numbers located on back) or Bellin Nurse On-Call. A registered nurse is available 24 hours a day, 7 days a week to discuss your concerns and direct you to the appropriate level of care. The direct number to Bellin Nurse On-Call is (920) 445-7373 or (888) 758-7373.
