

# The location is the same. The level of care is at a whole new place.

It's home to Aquilion One, Wisconsin's only 320 slice CT scanner that will make evaluating chest pain and stroke symptoms faster and more accurate. It features 28 brand new patient exam rooms including six in our all new KidCare unit. Ambulance bays have been enlarged for convenience and easier access by Emergency Medical Service vehicles. Welcome to the all new emergency department at Bellin Health.

## WELCOME TO THE NEWLY EXPANDED **BELLIN EMERGENCY DEPARTMENT** OPEN HOUSE Sunday, March 14, 12 - 4 pm

- Free blood pressure screenings
- Refreshments
