

Video Visits on MyBellinHealth with iPhone

iPhone with MyChart app downloaded. To download the MyChart app:

- Go to the App Store on your phone and search for MyChart
- Download the MyChart app from Epic
- Once the app is downloaded, open the MyChart app
- Under Select a Healthcare Provider, select Wisconsin or Michigan, then select MyBellinHealth
- Once you have this set up on your phone, the next time you open the app the MyBellinHealth account will always display
- Login using your MyBellinHealth Credentials

To Schedule your Video Visit via iPhone:

1. Click on your MyChart mobile app and log in
2. Select the Appointments icon
3. Select Schedule an Appointment (green bar)
4. Select Video Visit
5. Follow instructions to schedule your video visit. You will need to scroll down to indicate the reason for your visit and acknowledge and accept various terms and policies. Click the grey “continue bar” at the bottom of the screen when you have completed the required information
