

## MANITOWOC COUNTY COVID-19 RESOURCES

---

The following resources have been gathered during times of ever changing resources in our community due to COVID-19. The best effort has been made to ensure information is current, but with resources frequently changing, you may want to call ahead for the most up to date information. As the community comes together to support each other, new resources that are less formally regulated are also being created to meet needs, so always be mindful of being a good consumer and reach out with any questions.
