

determined.

Race Director Linda Maxwell breaks down this year's theme, "determined."

The theme for this year's Bellin Women's Half Marathon & Pink Pumpkin 5K is "determined." As we go through life and have challenges to conquer or goals to achieve, this is a trait we need to dig deep to find.

The design and font for this year's logo is as meaningful to us as the actual definition of this word. When we are determined to accomplish something, it is often something we have to do alone, quietly and without a lot of fanfare. Our Bellin Women's team, your friends, family and training partners will support you — but in the end *you* have to be the one who's determined.

Just get it done. That's all. You are "*determined.*" Period.
